## What Can We Do For You?

Addressing The Needs Of Students, Teachers and Administrators...

Planting The Seeds For The Future.

The Department of Instructional Information Services (IIS) is committed to raising student achievement through electronic information access and technology integration. IIS promotes life-long learning through the use of libraries and technology.

Instructional Technology Specialists can provide integrated technology solutions within the context of the CCS curriculum in the following areas:

- Online Resources
- ePortfolio
- Webquests
- Online Report Card
- Riverdeep: Online Math and Reading Software
- Blackboard (Curriculum and Virtual Office)
- CiMS
- UnitedStreaming
- CCS Email, Calendar and Address Book
- Mobile Laptop Lab
- Interactive Whiteboards (SmartBoard and Mimio)
- Student Response System (Senteo and Quizdom)
- eSIS Online Teacher Assistant Module
- CCS Educational Software
- Assist with Technology-Related Grant Writing
- Assistive Technology
- Conduct professional development to district educators that aligns to the Ohio Academic Content Standards and CCS Course of Study

In addition, other trainings can be customized to meet the needs of your school.

For more information, contact the Instructional Technology Specialist assigned to your division.
